

POUR-IN-PLACE VINYL BUCKS

The Pour-in-Place Vinyl Bucks are utilized in poured concrete walls. They are manufactured out of high-strength white PVC. Bucks come fully assembled with the vent model of your choice and include wood bracing for installation into forms along with a film that protects the vent during the pour.

Pour-in-Place Vinyl Bucks are easy to install, saving time on installation and present a nice, clean, finished look.

AVAILABLE FOR:

- Wall depths ranging from 5.5" to 12" including nominal and full sizes
- Pour-in-Place Bucks have the capability to accept the following models:
